Hamilton College Feb 26th 1816.

Madam

Yours of the 19th is before me. May the Great head of the Church reward the pious beneficence of the good women of Rome. Inclosed is a blank you may fill for whatever Sum you may send. I keep a Book of Donations and of diſburſements. — There are three young men with us of that Character which the friends of religion would wish to aid. They are Members of Churches in Communion with us, and highly approved. —

One has left us for Schenectady to take the benefit of funds there provided. We expect two others to join our Freshman Claſs next September. There will probably be a conſtant ſucceſsion of poor, but pious and deserving young men. I have already received so many firſt fruits, that I have pledged myſelf to the dear Youth that the Lord will provide. — Your Charities, Ladies, aid Hamilton College as well as the general cauſe of Zion. The prayers and example of a few pious Young men are salt in this fountain. You know not how much they aſsist the Faculty in the government. Siſters, beloved for the Lord's sake pray for us, And may you receive your remunerations in that day, when what we have done for Christ will conſtitute our only imperishable Subſtance.

Yours

Mrs Catharine Huntington.
